**Want your Waste to Make Magic?**

**Save Money, Save the World... it's that simple**

Whether u live in a house

Or in a box

In a castle

Or free, like a fox

We've got the right thing for you

Greenlivingforfreedom.com helps you to work wonders with food waste, organic leftovers and plastic. Our locally sourced solutions turn your waste into food and healthy gardens PLUS into free power for your business PLUS into a carbon free tax world saver.

Check out Mugg & Bean in Lonehill's testimonial of how it is working wonders for them at <https://www.bokashibrans.co.za/commercial-kitchens/?v=68caa8201064>

Greenlivingforfreedom.com offers sustainable, energy saving, waste management solutions for individuals, people, houses, restaurants, businesses, factories, offices, shops, shopping centres, apartments, gated communities and farms.

**Organic waste diversion is everyone's concern**

The Joburg Environmental Health department has approved the Bokashi system for use in commercial restaurants and related industries. It is Government's intention to reduce food waste in landfill by 20% by 2017 and to completely eliminate food waste in landfill by 2020.

**ZERO WASTE TO LANDFILL ?** Greenlivingforfreedom.com has solutions for your business to use ALL your waste and turn it into ENERGY — from car tyres, plastic and wood to food waste and grey water. Yes—from waste to power. Power to run your business, power to save you money, and energy to save the planet
